👤 PROFILE

Dedicated and results-oriented Software Developer with 4.5+ years of experience designing, developing, and deploying scalable web applications using cutting-edge technologies such as Laravel, AngularJS, RESTful APIs, and MySQL/PostgreSQL. Demonstrated expertise in implementing optimized solutions that align with business goals, resulting in enhanced application performance. Proven ability to manage databases, improve system architectures, and deliver end-to-end development solutions in Agile environments.

🏢 PROFESSIONAL EXPERIENCE

Senior Software Developer

Great Place IT Services

Jun 2021 – present
Nagpur, India

- Spearheaded the full-cycle development of survey and reporting platforms, delivering scalable, user-focused solutions that enhanced data accuracy and improved user engagement.
- Optimized application performance by designing and implementing efficient RESTful APIs, reducing data latency by 30%.
- Managed PostgreSQL and MySQL databases, achieving a 20% improvement in query response times.
- Streamlined the deployment process through CI/CD practices, reducing release times by 40%.
- Collaborated with a team of 10+ developers to align solutions with client requirements, ensuring on-time delivery.

Software Engineer

Xhitiz IT Solution

Sep 2020 – Mar 2021
Raipur, India

- Designed and developed scalable MySQL database schemas to support web applications.
- Enhanced legacy code by identifying bottlenecks, leading to a 15% improvement in application performance.
- Integrated REST APIs, connecting back-end services with client-facing platforms seamlessly.
- Led debugging efforts, reducing reported issues by 25% through systematic root-cause analysis.

Jr. Full Stack Developer

Forerunner Assessment Pvt. Ltd.

Sep 2019 – Aug 2020
Raipur, India

- Developed and maintained responsive web pages using JavaScript, HTML, and CSS.
- Created cross-platform solutions by integrating diverse backend services and third-party APIs.
- Implemented a version control system, improving team collaboration and code quality.
